# Challenges

## **Limited Space**

The influx of new intakes this month has put a strain on our shelter's capacity

## **Financial Constraints**

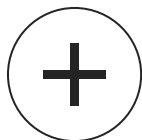

Despite our best efforts, limited funding remains a challenge. We continue to seek grants and donations to ensure the well-being of the dogs in our care

## **Resource Constraints**

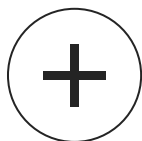

In the absence of a borewell, getting water tankers on a weekly basis has increased resulting in more expense

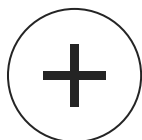

# Goals for March 2024

**Strengthen partnerships with local businesses, veterinarians, and rescue groups to enhance support for our shelter's mission**

**Construct 3 to 4 additional kennels**

**Increase the monetary support through CSR and individuals**

# CONCLUSION

**Despite the challenges we face, we are grateful for the continued support of our volunteers, donors, and community partners. Together, we remain committed to providing a safe and loving environment for every dog that comes through our doors. With ongoing dedication and collaboration, we look forward to making even greater strides in the coming months**
