2024 April Monthly Report

April At A Glance

As the heat started to rise so did our efforts to improve the living conditions of our furry friends! Water supply, fans, cooling pits and lots of sand to the new kennels were a few crucial changes this month.

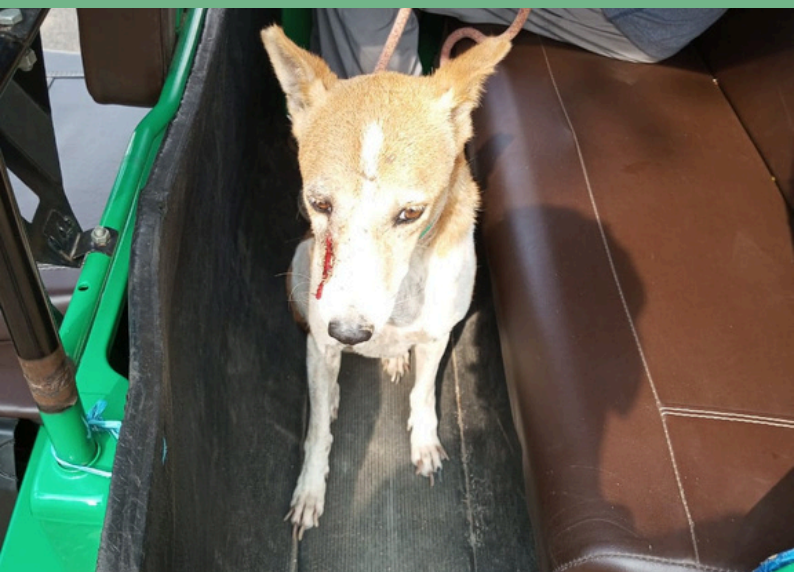

We continue our search for an additional full time care taker to look after these affectionate babies so spread the word and do let us know if you hear of someone!

Events / Occurrences:

1. **We successfully raised funds and made room for a borewell to not rely on external sources of water**
2. **We also made a rain water harvesting pit to ensure the sustainability and re-use of water**
3. **To tackle the heat, we are now feeding the dogs buttermilk and we also installed some fans to keep them cool**
4. **Daisy one of our veterans was taken to the vet for a swelling she developed**

5. A special SHOUT OUT to Deepika, Aina and Venkatesh for their contributions!

6. We continue to look for a loving home for the pups who are fully vaccinated and will be soon neutered too! Please reach out if you're interested.

Challenges

Caretaker

While there are many dog lovers out there, it's not as easy to find a caretaker to stay and look after the dogs for a long period of time.

Financial Constraints

We continue our outreach to schools, corporate organisations and individuals to unlock some funds that will help sustain our loving home for dogs and their needs

The two main financial needs we have for this month are:

1. **Rain Water Harvesting Pit - Rs. 25,000**
2. **3 phase electrical meter for borewell - Rs. 65,000**

Goals for May 2024

We hope to finalize a new caretaker for our dogs in the month of May

We aim to finish some operational work such as lining for water pit and electrical connections for the borewell

Strengthen partnerships with local businesses, veterinarians, and rescue groups to enhance support for our shelter's mission

CONCLUSION

As we cross new milestones and achieve better things for our shelter to help these affectionate beings, we are GRATEFUL for all the contributions and help from YOU, no matter the size!

"Dogs have given us their absolute all. We are the center of their universe. We are the focus of their love and faith and trust. They serve us in return for scraps. It is without a doubt the best deal man has ever made."
