2024 March Monthly Report

March At A Glance

This was a special month at our loving home for dogs! We started to add more kennels as we look to improve the conditions our furry babies live in. One of our loving caretakers - Gopal went back home to Nepal and we are actively looking for an additional caretaker so if you do know of someone, please give us a shout!

Events / Occurrences:

- 1. Neutering/ Spaying/ Vaccination- 5 puppies and their mother were vaccinated and spayed**
- 2. These affectionate and playful babies are up for adoption so if you know of someone or are keen in taking one/all of these babies home, let us know and we will be happy to support you!**

3. New kennels are being added to the shelter to improve living conditions

4. Additional roof material was purchased to help keep the kennels cool during the summer

Challenges

Caretaker

While there are many dog lovers out there, it's not as easy to find a caretaker to stay and look after the dogs for a long period of time.

Financial Constraints

We continue our outreach to schools, corporate organisations and individuals to unlock some funds that will help sustain our loving home for dogs and their needs

Goals for April 2024

Strengthen partnerships with local businesses, veterinarians, and rescue groups to enhance support for our shelter's mission

Finishing touches of 3 to 4 additional kennels

Exploring borewell as an option for water source to reduce long term costs

CONCLUSION

Despite the challenges we face, we are grateful for the continued support of our volunteers, donors, and community partners. Together, we remain committed to providing a safe and loving environment for every dog that comes through our doors. With ongoing dedication and collaboration, we look forward to making even greater strides in the coming months
