JUNE AND JULY AT A GLANCE

The last couple of months were all about our beautiful Daisy and her journey of life coming to a peaceful end. She passed away on the 16th of July after bravely battling an internal tumor for almost two months.

Daisy was one of the first dogs we started feeding on a regular basis and from there on, she became a part of our family. Her bravery and affection were qualities that stood out. She was moved to the loving home after she kept getting attacked by dogs around the area. Her loving and affectionate memories will always stay with us and we are grateful to have helped her live a happy, healthy and long life. We will always love you, Daisy. Thank you for being a part of our lives.

EVENTS / OCCURRENCES:

- 1. We had another case of an abandoned dog tied outside the gate in a cruel manner on a rainy night. We decided to keep him and look after his well-being. We hope you get to meet Oscar, the young and affectionate dog who doesn't stop wagging his tail :)**
- 2. We also added flooring to the extra kennels that were built recently to create a flat surface for the dogs to sleep and stay protected.**

GOALS FOR AUGUST 2024

With the ever changing Bangalore weather, we continue to improve the conditions including leak proof walls and kennel protection from the outside

While we have 2 caretakers for now, our aim is to be able to keep a family there as it could be better for the long run

Continue to reach out to corporates and investors for CSR based funding to keep this loving home for dogs financially sustainable

CONCLUSION

It's never easy to experience the passing of a pet you loved and cared for so much. The love, joy and endless smiles that they bring to you make your life much richer! We are grateful for all the help, support and care they have received through contributions and support!

"Dogs die. But dogs live, too. Right up until they die, they live. They live brave, beautiful lives. They protect their families. And love us, and make our lives a little brighter, and they don't waste time being afraid of tomorrow."
