# 2024 August Monthly Report

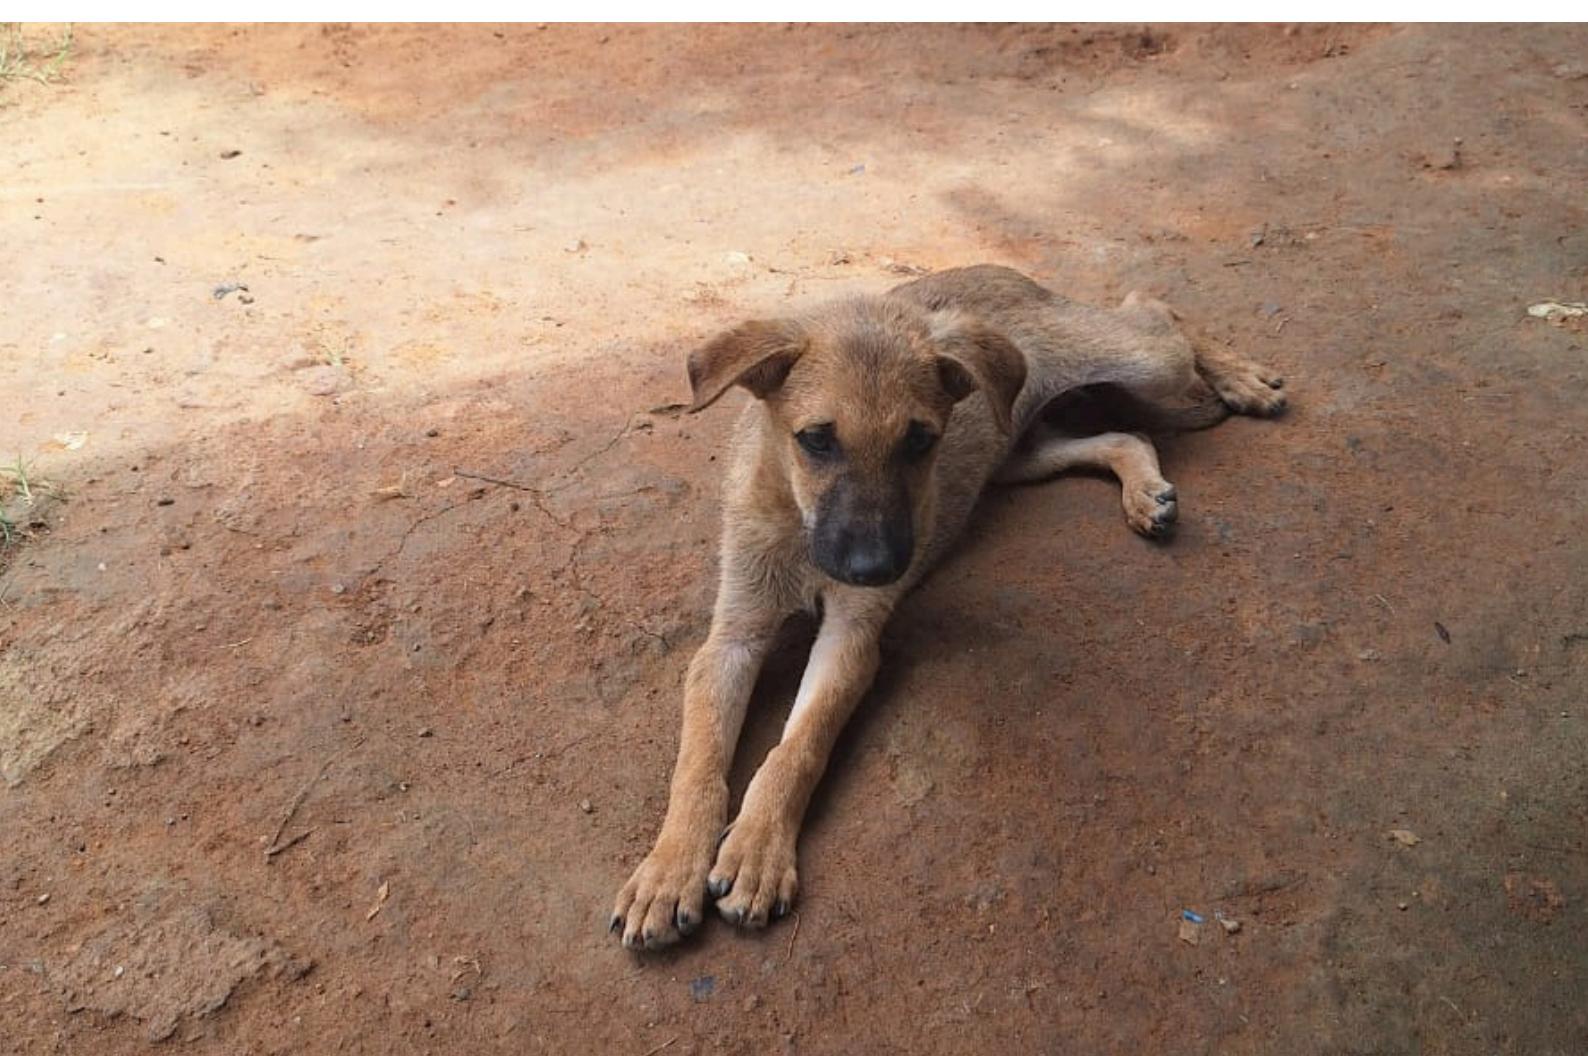

# AUGUST AT A GLANCE

The month of August at Angels With Paws was all about additions and more additions! Yet another lost and crying pup was found outside on a rainy night probably looking for his family. Our caretaker, Yash took him in, fed him and despite looking around for his siblings or mother, couldn't find anyone. Milo as we call him is now part of our extended family who has a warm, loving home.

We were also fortunate enough to meet a couple to work with the doggos given we have always been on the lookout for a family who can manage the day to day work at the home. We hope to have Prem and Sanjana around for the long run!

## EVENTS & OCCURRENCES

1. We had a lot of operational work done at the shelter which included installation of the power meter for the borewell, additional security measures for the main gate and rain protection layers for the kennels
2. Few trips to vet for Oscar and Veeru for neutering and treatment for minor injuries as a result of our weekly visits and the excitement that comes with it
3. Independence day celebrations included hoisting of our flag along with some extra treats for the dogs
4. Outside of the loving home, we also found a mother and her litter of six pups that we are now feeding and looking after
5. For a short period of time, we have also moved our beloved Roxy to the loving home.

# HOW YOU CAN HELP

## KEY PROJECTS

We have key projects coming up for which we are looking to raise:

- Neutering of 5 dogs around our neighborhood which will cost us INR 40,000
- 3 additional kennels that will cost us INR 70,000

**PLEASE GET IN TOUCH WITH US SHOULD YOU, YOUR FAMILY OR FRIENDS WOULD LIKE TO SUPPORT US IN ANY WAY!**

# GOALS FOR SEPTEMBER 2024

**Continue to control the population of indie dogs on our streets by neutering and spaying projects. It is becoming increasingly hard to see many dogs die due to poor nutrition and accidents on the road**

**Look to add more people to our regular feeding projects for indie dogs around Bangalore. As the number of dogs increase, so does the need for more animal lovers to help!**

**Follow up with corporates and investors for CSR based funding to keep this loving home for dogs financially sustainable**

# CONCLUSION

**As we continue helping and providing for those dogs in need within our city, we want to thank each and everyone who has and continues to help and support us in whatever way possible! It means a lot to us and our angels with paws :)**
